

INTERNATIONALIZATION
SERVICE OFFICER

The ISO partnership organised 13 Multiplier Events in total, which were attended by 249 participants from the following target groups: SME owners, exporters, chamber staff, start uppers, governmental representatives, associations of business representatives, VET providers, teachers and students.

The objective of the events was to generate awareness among the target groups regarding the project outputs i.e. ISO manual, ISO App and videos, with instructions to enable their efficient implementation. All events were evaluated through the use of participant feedback which was facilitated using an anonymous questionnaire.

The results were very positive with the majority of the attendees finding the ISO Project outcomes both useful and of current relevance.
